

April 2025

## National Living Wage (NLW)

From 1 April 2025 workers aged 21 and over must be paid a living wage of £12.21 per hour. This is an increase of 77pence per hour on the previous rate.

Workers over the school leaving age but under 21 must be paid in line with the:

## National Minimum Wage Hourly Rates

Workers aged 18-20	£10.00 (an increase of £1.40/hour)
Workers under 18*	£7.55 (an increase of £1.15/hour)

\*This rate applies to those of at least school leaving age.

## Apprentice Rate

£7.55 an hour (an increase of £1.15/hour)

The Apprentice Rate is for apprentices under 19 and those aged 19 or over and in the first year of their apprenticeship.

All other apprentices are entitled to the National Minimum Wage for their age.

The next increase to these rates will be in April 2026.

**Having applied this increase, remember to consider whether additional employees are now eligible workers for Automatic Enrolment. This applies to workers between 22 and state pension age earning more than £10,000 per annum or £192.00 per week. It applies even if it is just a bonus or overtime that pushes them into this bracket for one or more pay periods.**

**It will apply at just over 16 hours a week at minimum wage.**
